People of Petersfield

Be inspired by the current exhibition.

Flora Twort: Draw from Life

Celebrated artist Flora Twort lived and worked in Petersfield from 1918 until her death in 1985. A keen observer of contemporary life, she drew inspiration from her surroundings and everyday activities, including market day and the country fair. Painting and drawing throughout her life, Twort worked primarily in pastels and watercolour and filled her notebooks with sketches of people and animals, capturing their manner and character in a few confidently executed lines.

Where do I start? Why don't you have a look at the following...

- People in the gallery
- Groups of people
- People of the past - names on the war memorial
